

The *Baltic Sea Conservation Foundation* (BaltCF) was established in 2014. Our aim is to protect the unique and fragile ecosystem of the Baltic Sea. We fund a wide variety of conservation projects in the Baltic Sea region and are on our way to develop our own activities to further our mission. We are therefore looking for a

Student assistant

to join us in our efforts as soon as possible. BaltCF works mostly remotely, with regular personal meetings in our office in Rostock.

What you will do:

- You'll support BaltCF's efforts to develop operational projects by doing research on funding opportunities on the international, national and regional level throughout the Baltic Sea region
- You'll support the Senior Project Coordinator with research activities for possible projects and administrative tasks
- You'll keep track of ongoing and recently finished nature conservation projects in the Baltic Sea Region
- We can adjust your responsibilities, depending on your qualifications and interests

What you should bring:

- You are passionate about the Baltic Sea and its unique and vulnerable ecosystem
- You are pursuing a degree in a relevant field, either one related directly to ecology or one with a sustainability focus or minor. A Bachelor's degree is no precondition, but an asset.
- You are professionally proficient (at least C1) in English and one other official language of one of the countries bordering to the Baltic Sea. Fluent command of German is no precondition, but an asset
- You are culturally aware and have a broad understanding of the Baltic Sea area.
- You're based in Germany and have permission to work

What we offer:

- A small, passionate team with the resources and motivation to make a difference for the Baltic Sea
- Responsibility and the opportunity to influence the next steps of the foundation's development
- A part-time position (20 h/month)
- Flexible working conditions with a lot of autonomy
- A salary of €250 gross per month (€12.50/hour)
- Support for your personal and professional development

To apply, please send a letter of motivation and your CV or LinkedIn profile to thomas.winter@baltcf.org
